

GATE ARMS+

LIGHTED FOR SAFETY

LED-ILLUMINATED BARRIER GATE ARMS

Reduce Accidents and Liability - Light Up Your Barrier Gates!

Product Details

Gate accidents are common but avoidable when using this innovative safety product. Our patented gate arms have LED lighting built into the arm. Bright red when the arm is down. Bright green when the arm goes up. Better visibility for drivers, bicyclists and pedestrians.

- 3" round aluminum pole with built-in LEDs
- Available in 8'-17' lengths, single or double-sided
- Programmable LED controller works with any gate operator
- IP68-rated LED strips in 1'-20' lengths, 12 or 24 VDC
- Mounting brackets with breakaway design available for most models of operators

Lights are **RED** when in the down position, clearly indicating when the driver must **STOP**

Lights turn **GREEN** when the arm goes up, clearly indicating that it is okay to **GO**
